OBJECTIVE

Dedicated and enthusiastic front-end developer with a passion for creating responsive and user-friendly web applications. Seeking an entry-level position to contribute my skills, creativity, and commitment to delivering outstanding user experiences.

EDUCATION

Mar Ivanios Convent High School	2017
10th - SSC	
85.40%	
Shri Shivaji Vidyamandir and Junior College	2019
12th - HSC	
55.38%	
Modern College of Arts, Commerce and Science	2022
BCA	
8.41 CGPA	
MIT	2024
MCA	
7.33 CGPA	

PROJECTS

Simple Object Detection

Developed an innovative object detection system using Python's OpenCV library to analyze and identify objects in images. Implemented a user-friendly web interface with HTML, CSS, and JavaScript to allow seamless interaction with the system. The project showcases my proficiency in computer vision, Python programming, and front-end development, demonstrating a practical application of technology to enhance visual recognition capabilities.

Small Business Community

STARTEASE is a vibrant community built on the pillars of collaboration, community, and simplicity. If you're a small startup navigating the intricate world of entrepreneurship, you've found your home. We're not just a network; we're a family of ambitious entrepreneurs, industry experts, and mentors dedicated to helping small businesses flourish. Our mission is clear – to provide you with a close-knit community, essential tools, curated resources, and invaluable connections.
